27th	9 a.m.	Residential Modification Committee

Hurricane Season Is Upon Us!

Hurricane planning is complicated this year by the Covid-19 pandemic but there are still three months left in what is forecast to be a more than normally active hurricane season.

PREPARE YOURSELF: Every household should have a disaster preparedness kit. Stock up now, while things are calm and supplies are relatively available.

PREPARE YOUR HOME: Modern forecasting technology usually gives us plenty of advance notice of an approaching hurricane. Use that time to prepare your home.

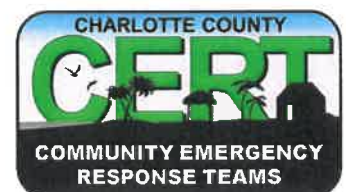

PREPARE FOR EVACUATION: Covid-19 complicates evacuation planning, and shelters in Charlotte County are limited. Have alternatives. Know your evacuation zone! **All of Rotonda West is in evacuation zone B.**

If you must evacuate, don't wait until the last minute, weather and traffic will be worse and gas stations may be closed or out of fuel. For detailed information, seek out [Charlotte County Emergency Management](#).

Hurricane Shutter Assistance

Rotonda Communities CERT will offer hurricane shutter assistance during the 2020 Hurricane Season. Residents who are elderly or otherwise unable to install shutters themselves will be given priority. Please allow 5 days notice in advance of a storm event! CERT is a not-for-profit but will accept donations.
